

VERTIS

EUA PURCHASE MADE FAST AND EASY

SAVE TIME AND ENSURE COMPLIANCE ON TIME

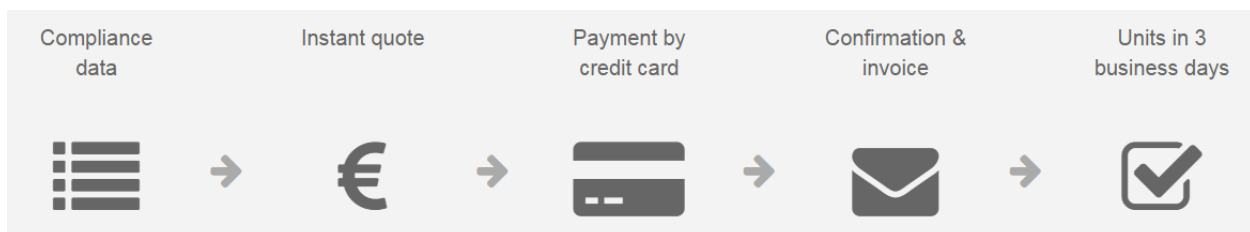

VERTIS EUA webshop is now live for aircraft operators and small emitters!

Vertis is pleased to announce the launch of the first dedicated online shop to purchase small volumes of carbon allowances (EUAs*) to comply with the EU ETS.

Aircraft operators and small emitters in the EU Emissions Trading System can now purchase up to 1500 EUAs with a credit card, with only a few clicks. The online purchase steps are simple and fast, enabling small operators convenient compliance with their EU ETS obligations.

To access the EUA webshop, visit vertis.aero.

Payments are processed securely online and clients receive the purchased EUAs in a maximum of 3 business days.

*EUAs are eligible units for compliance in the EU Emissions Trading System, both for aircraft operators and installations.

With this convenient new service, Vertis continues the development of the market and innovative products to make the life of its customer easier. For purchases of more than 1500 EUAs, please call our traders for a quote.

ABOUT VERTIS ENVIRONMENTAL FINANCE – IN EMISSIONS TRADING SINCE 2001

Vertis Environmental Finance is a top environmental commodities broker, specialising in emissions trading and energy efficiency. As one of the carbon market pioneers, Vertis Environmental Finance was one of the first companies in the world to be involved in the carbon markets. Our multinational team of carbon trading experts, membership or direct access to two exchanges (ICE and EEX) and OTC trading relationships with more than 1,000 operators and financial institutions across Europe guarantee our clients an award winning* personal service, best prices, and fast and safe transaction processes. (*Vertis won Point Carbon Best Carbon Broker in 2011 and was voted Energy Risk Best Emissions Dealer in 2015.)

For further information or to open an account with Vertis, please contact our trading desk at +36 1 489 1900 or trading@vertis.com. Visit us at www.vertis.com.
